#### **NZRACING123 PICK & WIN PUNTERS CHALLENGE FINAL RESULTS**

The NZRacing123.com Pick & Win Punters Challenge has now concluded! The virtual tipping competition involved participants from all over the world competing for punting supremacy. The majority of players were from New Zealand with cash prizes being paid into their TAB accounts.

A couple from Invercargill claimed 1<sup>st</sup> prize of \$600 under the username of no19. They were, as predicted, thrilled with the result. They picked a competition high of 15 winners, with consistent performance over four meetings proving to be a winning formula. The \$300 second prize went to Azaa from Christchurch who came extremely close at \$108.30. Only a short priced winner away; Cambridge, the horse capital of New Zealand, was represented by Tongy in 3<sup>rd</sup> place at \$107.60.

Every New Zealand based participant was eligible for spot prizes, and side competitions. These prizes included raceday experiences at Ellerslie's Auckland Cup week, and Wellfield New Zealand Oaks day (including Ladies Day) in Wellington, racing annuals were also awarded.

We were very happy with the level of participation in the NZRacing123.com Pick & Win Punters Challenge, and if you enjoyed the contest we welcome you to share your experience. If you have any feedback, feel free to drop us an email at [facebook@nzracing.co.nz](mailto:facebook@nzracing.co.nz).

#### **2015 NEW ZEALAND RACECOURSE MANAGERS' CONFERENCE ON 10-12 MAY IN INVERCARGILL**

The Racecourse Managers' Association's (NZRMA) Conference will be held in Invercargill on 10-12 May. Two major issues will be covered in depth at this year's Conference:

1. Irrigation and how it affects the performance of racecourses, particularly in light of more and more issues with climate.
2. Occupational Health and Safety in anticipation of new legislation in 2015. The Conference will look at

requirements under the new law and what we will need to do to abide by the new law.

### **CHANGES TO RULE 707 - BETTING BY RIDERS**

Following consultation on proposed changes to Rule 707 with industry stakeholders, the Racing Integrity Unit, Judicial Control Authority and the Racing Board, further changes have been made to Rule 707 - Betting by Riders.

Riders are no longer permitted to bet on any race under the Rules of Racing. Previously Riders were not permitted to bet on any race run on a day on which a Rider was riding in a race.

A Rider may bet (other than on a race under the Rules of Racing) provided the Rider places the bet through his or her betting account with an Authorised Wagering Operator (as defined in the Rules) using his or her mobile phone or any other electronic communication device including a smartphone, laptop, personal computer, tablet, pager or similar device. Amateur Riders are permitted to bet on races other than any race in which he or she is riding.

These changes bring New Zealand into closer alignment with the Rules in Australia and other major racing jurisdictions.

### **BEAUMONT RACE MEETING ON 23 MARCH 2015 TO PROCEED AT WINGATUI**

The Beaumont Racing Club meeting at Wingatui on Monday, 23 March 2015 will proceed as scheduled following the completion of an investigation into the circumstances surrounding the abandonment of the Otago Racing Club's meeting at Wingatui on Saturday 7 March 2015.

The track surface was inspected by representatives of the Racing Integrity Unit, NZTR and the New Zealand Jockeys' Association before the decision was taken.

Photographic evidence taken by RIU Co-Chairman of Stewards Nigel McIntyre during his post meeting inspection on 9 March 2015 indicates that the only evidence of lateral movement on the track was at the 800m where the incident involving Cent High occurred. That incident was initially the result of Cent High clipping heels. Some thatch was identified in the track however this was most predominant in the home straight. The area around the 800m where the incident involving Cent High occurred was not found to be significantly affected by thatch.

In consultation with NZTR, the Club brought forward scheduled maintenance involving verti-draining and scarification. Gypsum has been applied and the track also received 25mm of rainfall between the abandonment and Thursday 12 March. Approximately 50 horses galloped on the Course Proper (on the rail) throughout the week following the abandonment with experienced track riders reporting no issues.

Senior members of the NZJA inspected the track over the weekend of 14&15 March after the maintenance work had been carried out and reported they were satisfied with the work undertaken by the Club.

NZTR will continue to work with the Club to provide whatever assistance is required, including a suitable renovation period to undertake routine track maintenance. NZTR will also commission an audit of the irrigation system and provide assistance to the Club with regard to any improvements required as a result.

NZTR acknowledges the support of the Racing Integrity Unit, Otago Racing Club officials and representatives of the NZJA for their assistance at short notice throughout this process.
